Eval. Notes:	This site was assigned as a VSQG inspection; however, an Investigation was conducted instead. The site is undergoing remediation and clean up. Upon my arrival, the site was found closed, under remediation, fenced-in and locked. No buildings or hazardous waste was noted onsite. Ideal Plating & Polishing was a plating company for various companies. According to Mr. Raes, they ceased operations and demolition began in August 2016. ISRA was filed and clean-up began to sell the property (E-20170055 - LSR17001). Remediation activities are ongoing, all applicable reports on further action will be submitted to the Department by LSRP within 3 to 6 mths. All hazardous waste was properly disposed of as documented in the site remediation reports. The property has not been sold yet, according to Mr. Raes, The leasehold was abandoned, leaving the onus of compliance on the property owner. The property is currently under contract to sell within the next 4 to 6 mths. No violations noted at this time.
